BECKER – Medical Equipment

Experience, reliable service and specialization are Becker's most prominent attributes. The enterprise started in 1946 as metal manufacturing business and has been actively engaged in the branch of medical technology for the past four decades. The manufacturing is only done in Germany.

The company is situated in the idyllic valley of „Rottal" (in Bavaria) which is renown for its outstanding craftsmen. As a matter of company policy only high grade material is used for producing top quality medical products. The owners manage the business with pride and great care. One of the utmost customer advantages is that all manufacturing steps are done by a team of specialists. The entire workflow – customer consulting, all-round service, project planning, development, design, custom made products – handmade with precision instruments and machines –, custom made orders tailored to individual client needs, quality control, processing and on location assembly are done by an experienced team of specialists.

Custom made products are manufactured employing a flexible staff, which responds and adjusts to state of the art novelties and client requirements. Every new order entails new challenges and every hospital has individual project needs which our team is always looking forward to solving. We commit ourselves to bringing excellence and reliable high quality solutions to every customer and every project.

BECKER SYSTEMS for:
- wards
- out-patient departments
- operating rooms
- treatment rooms
- sterilization

BECKER
Quality and
Cutting Edge

Anaesthetic and Dressing Trolleys
Main features:

■ BECKER trolleys are made of high-impact, scratch-resistant steel that resists most chemicals.

■ Double-walled, noise-damping frame construction; inner side walls and back plate formed as one unit.

■ The floor plate is mounted on a stable tubular steel or tubular chrome nickel steel frame.

■ The unit is mounted on four conductive 125-mm swivel castors, complete with thread guards and bumpers.

■ Two of the castors are fitted with brakes. Retainer lock for unidirectional movement is available on request.

Dust-proof doors and drawers with all-round rubber gaskets.

■ The doors are mounted on robust wide-angle hinges with a 180 ° opening angle.

■ Drawers are equipped with full-extension drawer runners with safety stops.

■ Trolleys with drawers have a single drawer mechanism to prevent tilting.

■ Handles meet all hygiene standards.

■ The worktops are made of either moulded plastic with an integrated guardrail or of chrome-nickel steel.

Accessories

■ Mostly chrome nickel steel construction
Material AISI 304 (1.4301)
Polished surfaces (grain size 240/320).

■ Extensive range of accessories to choose from.

■ Select accessories for your individual needs from our wide range of products.

BECKER

BECKER SYSTEM SERIES
VR

Trolleys of the VR series are made of chrome nickel steel, AISI 304 (1.4301).

The surfaces are polished to grain 320 and are stainless, corrosion-resistant and non-magnetic.

BECKER SYSTEM SERIES
BR

Trolleys of the BR series are made from electrolytically galvanized, phosphatized and chromium-plated thin sheet steel.

The surfaces are powder-coated with mixed powders of epoxy resin and polyester.

Colors

- Body colours choicable:
  RAL 1013 – Oyster white or RAL 9002 – Grey white
- Colors for doors and drawer fronts:
  Freely selectable from BECKER color list
  (see page 1.22)

BECKER

All **BECKER** anaesthetic and dressing trolleys are custom made. Special customer color requests can be accommodated in the BR series. Please include your color specifications in your order.

The trolleys are finished with high quality powder-coated sheet steel using an 80 - 95 gloss level according to ISO 2813 at a 60° angle. This procedures offers shock and scratch resistance, it is easy to clean and remains stable under disinfectant treatment and climatic influences.

Trolley body
You can choose between the colors
RAL 1013
Oyster white

RAL 9002
Grey white

for series produced powder-coated sheet steel trolley bodies. For an extra charge the body can be powder-coated in any of the additional colors from the BECKER color list.

Front elements like doors and drawer fronts
Select from the following colors (no extra charge):

BECKER COLOR LIST

RAL 1007 Daffodil yellow	RAL 4003 Heather violet	RAL 6000 Patina green
