

LEOline Drawer Divider *Series U22*

Becker Drawer Divider Series U22, developed exclusively for LEOline functional trolleys – practical, tidy, and retrofittable.

The U22 Series partitioning system consists of metal rails and plastic dividers as well as cross clamps and T-clamps.

The rail sets are made of powder-coated sheet steel in pure white (RAL 9010).
The dividers are made of 6 mm thick white plastic (PVC) and the clamps are made of Makrolon.

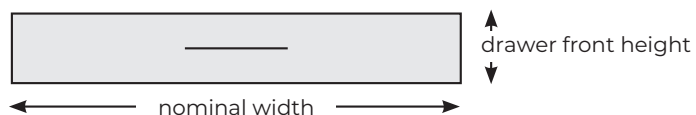

Becker LEOline Drawer Divider Series U22 is available for various drawer heights:

height of drawer front	divider height
from 100 mm	40 mm
from 150 mm	80 mm
from 200 mm	140 mm
